Subject: Re: [EXTERNAL] Clarksburg: Draft Auto-Dialer Message

Thank you, Alysia.

Good morning, Meredith. As promised, our program and enforcement divisions collaborated to draft a 30-second auto-dialer message. As a starting point we used the text Clarksburg shared on 7/7/21 for the message it had planned to send. For your consideration, our draft is below. Please note that the flush time in WVDHHR's Order is 3 minutes but Clarksburg's public education document indicates 2 minutes. We encourage the longer flushing time to bring water to the tap from beyond a potential lead service line and to align with the Order. We also recommend a translation to Spanish, if possible.

DRAFT DRAFT DRAFT

Ex. 5 Deliberative Process (DP)

Hi Meredith. We'll draft a suggested 30-second autodialer message, for your consideration. We'll start with the text Clarksburg shared on 7/7/21 for the message it had planned to use, and modify it to include immediate tips (e.g.: flushing).
